

Wellbeing Training at NCH&C

What's the ambition?

To support our people managers and leaders with the skills and techniques to actively promote wellbeing to their people, consistently.

What can you expect?

- An annual one day workshop for all people leaders to ensure they are equipped with the latest information, skills and resources to support the wellbeing of their people.
- All new NCH&C people leaders will attend the workshop.
- Refreshed content annually to ensure it remains up to date and support continual improvement

Why is it important?

The NHS needs high quality leaders at every level and in every area to ensure that it is able to deliver high quality **COMPASSIONATE CARE** to the people its serves.

LEADERSHIP is one of the most influential factors in shaping an organisational culture

Line managers have **4 TIMES** the impact on staff engagement and staff wellbeing than any other factor

Positive staff engagement and staff wellbeing directly impact the **QUALITY OF CARE** delivered to patients.
